

The slide features two large orange geometric shapes. On the left is a tall, narrow triangle pointing downwards. On the right is a larger, more complex shape composed of several overlapping triangles and polygons, also pointing downwards. The text 'RECB E 10/01/18' is centered in the upper half of the slide in a large, orange, sans-serif font.

About ASBP

- ▶ Not for profit, mission led, membership organisation
- ▶ Public good with private money
- ▶ ASBP has three main themes:
 - Health and Wellbeing
 - Resource Efficiency
 - Product Sustainability
 - We want to develop a fourth around social value/natural capital
- ▶ Activities/knowledge exchange
- ▶ Events, Research, Standards, Policy

Over 50 members and supporters
Including architects, product manufacturers, specifiers,
suppliers, contractors, research institutions and more...

- ▶ The ASBP and its French and English partners have been selected to carry out the **Sustainable Bio&Waste Resources for Construction (SB&WRC)** project as part of the Interreg (Channel) program.
- ▶ The aim is to develop prototypes of construction materials based on bio-resources and recycled waste.
- ▶ The ASBP is pleased to be co-leader for communication for the project and we will feed back all the latest project developments over the next two years through seminars and newsletters.
- ▶ Gary Newman will also lend his expertise for the design of the prototypes, having had 20 years of experience in developing new bio-based products.

Many thanks
